

Come Celebrate "Steveston Revealed"

To help welcome the world, there will be a boatload of exciting events taking place in historic Steveston, starting this Friday.

Events are kicked off on Friday, February 19 at 6:30 pm with "Music at the Gulf of Georgia Cannery" featuring Gabriel Mark Hasselbach, a unique jazz stylist on trumpet, flute, flugelhorn and more.

From February 20 to 24th summer's popular Steveston Farmers and Artisans Market will move inside the Gulf of Georgia Cannery. In addition, guided tours will run hourly and there will be kids' crafts and activities. Admission will be by donation for those five days, with the site open from 10 am to 5pm.

The Great Canadian Loggers Show will take place from Sunday, February 21 through Tuesday, February 23 at 11 am, 1 pm, and 3 pm in Fishermans Park, in front of the Cannery. Thrill to the action as battling camps compete in log rolling, axe throwing and more.

The massive Martin Mars water bomber will be docked off Garry Point Park on February 23 and 24th. Come down to the Park on the 23rd at 1:30 pm to help celebrate its arrival with live music. There will be a spectacular fly-by and water pick-up. It will also make water drops on Wednesday at 4:00 pm.

The week concludes February 26 at 6:30 pm as Carolyn Mark takes the stage in the Cannery with her refreshing, alternative country music stylings.
